## DOMESTIC SECTION 214 APPLICATION FILED FOR TRANSFER OF CONTROL OF SURE-TEL, INC. TO METRO TELECONNECT COMPANIES, INC.

### STREAMLINED PLEADING CYCLE ESTABLISHED

WC Docket No. 04-41

Comments Due: March 22, 2004  
Reply Comments Due: March 29, 2004

On February 9, 2004, Metro Teleconnect Companies, Inc. (Metro) and Sure-Tel, Inc. (Sure-Tel) filed an application, pursuant to sections 63.03 and 63.04 of the Commission's rules,<sup>1</sup> to request approval to transfer control of Sure-Tel to Metro.

Applicants assert that this transaction is entitled to presumptive streamlined treatment pursuant to section 63.03(b)(2)(i) of the Commission's rules because the proposed transaction would result in the transferee having a market share in the interstate, interexchange market of less than 10 percent; the transferee would provide competitive telephone exchange services or exchange access services exclusively in geographic areas served by a dominant local exchange carrier that is not a party to this transaction; and neither of the Applicants is dominant with respect to any service.<sup>2</sup>

Sure-Tel, an Oklahoma corporation, is a competitive local exchange carrier that provides services to residential customers through a combination of resale and the lease or purchase of unbundled network elements and interexchange services through resale. At present, Sure-Tel provides local and interexchange service in the states of Arkansas, Illinois, Indiana,

<sup>1</sup> 47 C.F.R. §§ 63.03, 63.04; *see* 47 U.S.C. § 214.

<sup>2</sup> 47 C.F.R. § 63.03(b)(2)(i); *see* 47 C.F.R. § 63.03(b)(3) ("For purposes of (b)(1) and (2) of this paragraph, the terms 'applicant,' 'carrier,' 'party,' and 'transferee' (and their plural forms) include any affiliates of such entities within the meaning of section 3(1) of the Communications Act of 1934, as amended.").

Kansas, Michigan, Missouri, Oklahoma, and Texas.

Metro, a Pennsylvania corporation, provides competitive local exchange service to residential customers through resale and the lease or purchase of unbundled network elements and provides interexchange service through resale. Metro has a wholly owned subsidiary, Metro Teleconnect, Inc., which provides local exchange and interexchange telecommunication services in the Commonwealth of Virginia. At present, Metro provides telecommunications services in Alabama, Arkansas, Connecticut, Delaware, the District of Columbia, Florida, Illinois, Indiana, Kansas, Kentucky, Maine, Maryland, Massachusetts, Michigan, Mississippi, Missouri, New Jersey, New York, North Carolina, Ohio, Oklahoma, Pennsylvania, Puerto Rico, Rhode Island, South Carolina, Texas, Tennessee, Virginia, and West Virginia. The following entities or persons own or control 10 percent or more of Metro: (1) Chad Hazam; (2) Karis Hazam; and (3) David Hill.

The Applicants have entered into an agreement for Metro's purchase of all of the outstanding stock of Sure-Tel. Applicants assert that the acquisition of Sure-Tel stock will not result in any change in the terms of the arrangements between Sure-Tel and its customers and will be transparent to such end users. Applicants assert that the acquisition will also not require the change of any end user's selection of a provider of telecommunications services.

The Applicants assert that the proposed transaction is in public interest, convenience, and necessity because it will promote competition in the provision of telecommunications services and will allow a financially capable competitor to combine resources and operate more efficiently.
